

Know Your Neighbour Week

26 May - 3 June

Could you name four of your neighbours and know what their interests are?

Good neighbours are not just the people who live next door. They may live down the road or be a member of your community. Help make your city friendlier and volunteer to organise a dinner, picnic, movie or other social outing with your neighbours during 'Know Your Neighbour Week'.

During this event, participants will have the opportunity to contribute to their local community by organising a social outing with the aim of allowing their neighbours to get to know each other and for people to feel more connected and safer in their local community.

If you would like to be one of these people who is making your community a great place to live, please contact your local Crime Prevention Officer or neighbourday@yahoo.com.au

What good neighbours do

Whether you live in a block of units or a house, good neighbours should:

- help others to feel safe and secure
- organise to get together throughout the year
- develop a phone network to call those in your community who may be unwell
- watch, look and listen for any suspicious activity
- collect their mail when on holidays
- go out of their way to be helpful

Creating a safer community

In order to work towards a safer community, getting to know your neighbours will:

- promote community spirit
- improve communication between yourself, police and your community
- assist in establishing a safer environment
- assist in deterring criminal activity
- assist in preventing crime that affects you and your neighbour
