## Registration plate security event

---

### Permission to fit registration plate screws to my vehicle

I give permission to the NSW Police Force and its delegates, servants or agents to replace the screws in my vehicle's registration plates with tamper-resistant, one-way screws. I understand and acknowledge that while the NSW Police Force and its delegates, servants or agents will take reasonable care when fitting my vehicle with tamper-resistant, one-way screws appropriate to the make and model of my vehicle, the NSW Police Forces does not provide any guarantee as to the quality or condition of the screws.

If, for any reason, the NSW Police Force and its delegates, servants or agents are unable to fit the screws to one or both of my registration plates, I consent to the remaining screws being taped to my windscreen for me to install at a later time.

I also understand that while the installation of tamper-resistant, one-way screws may reduce the likelihood of the theft of my registration plates, the NSW Police Force cannot guarantee that vehicles fitted with these screws will not have their registration plates stolen.

I agree to release the NSW Police Force and its delegates, servants or agents from any liability, claim, charge, action, proceeding, demand or expenses which may be made against them, arising from, or in connection with, the provision with or fitting of tamper-resistant, one-way screws to my vehicle's registration plates.
