

NSW POLICE FORCE - FIREARMS REGISTRY

Barrel changes to a NSW Registered Firearm

ABN 43 408 613 180

This form is for use by a NSW licensed firearms dealer only.

Please read the following important information regarding barrel changes and the completion of this form

This form is used to notify a replacement of a barrel on a firearm, adding an additional barrel or when a barrel is fitted to a frame/receiver (making it a full firearm).

A Permit to Acquire (PTA) is not required for an additional barrel to be added to a registered firearm. However, if a licence holder has acquired a receiver without utilising a PTA than a PTA is required when a barrel is added to create a full firearm. This form must accompany the PTA. If a PTA was used for the purchase of the receiver, a second PTA is not required.

You MUST make a selection from the following 4 options: Additional Barrel Same barrel, chamber altered Replacement of Existing Barrel Fitting of Barrel to Frame / Receiver (must have a PTA if individual taking possession - *see above*).

If a barrel is being removed, you MUST make a selection advising the circumstances: Destroyed Retained by dealer Retained by owner Attached to another firearm (complete an additional barrel form to attach to another firearm)
