

Category C - Clay Target Shooting - Clubs affiliated with the Australian Clay Target Association and other bodies

An applicant for a Category C licence which authorises possession and use of a self loading or pump action shotgun in connection with clay target shooting activities has always been required to provide a statement in connection with their application, that they are a member of a shooting club which is affiliated with the Australian Clay Target Association.

With the commencement of the Firearms Amendment Act 2008 on 1 October 2008, section 17A(4) of the *Firearms Act 1996* was amended so that the Commissioner of Police is now able to approve other bodies to which an applicant's shooting club may be affiliated.

Any body which seeks approval by the Commissioner for the purposes of section 17A(4) of the *Firearms Act 1996* should provide a written request for approval to the attention of the General Manager, Firearms Registry, on your club/body letterhead and include the following details:

- Name
- Address
- Date body/club was established
- Number of members
- Activities undertaken
- Any other relevant information that may be of assistance

The Commissioner will consider your request and notify you in writing of the outcome.
