## **FIREARMS PERMIT AMMUNITION COLLECTION AUTHORITY AND CONDITIONS**

*Firearm types which apply: Ammunition Only*

### **Authority**

This permit authorises the permit holder to acquire and possess ammunition for the purposes of an ammunition collection only.

The authority conferred by this permit is subject to the *Firearms Act 1996* and the associated Regulation and all the General Legislative Requirements applicable to a firearm permit holder<sup>1</sup> apply to this permit in addition to the conditions outlined below.

### **Conditions:**

1. The permit holder must ensure that the ammunition forming part of the collection is stored in a locked container, locked display case or other locked cabinet which is sturdy in construction and not easily penetrated.
2. The permit holder must ensure that any ammunition forming part of the collection is rendered inert (other than any sporting or military ammunition of *UN Hazard Classification Code 1.4.S* up to 20 mm calibre).
3. Any ammunition collected must not contain high explosive, smoke, chemical or lachrymatory properties or agents.
4. The permit holder must not supply ammunition unless the other person is authorised to possess that type of ammunition by way of a licence or permit and that authorisation has been sighted by the permit holder.
5. The permit holder must not acquire ammunition unless the supplier is authorised to possess that type of ammunition by way of a licence or permit and that authorisation has been sighted by the permit holder.
