Dear Mr Shoebridge

Government Information (Public Access) Act 2009 (NSW)
Notice of Decision: Released in full

1. Summary of access application

I refer to your access application made under the *Government Information (Public Access) Act 2009 (NSW)*, (GIPA Act).

In your application you requested targets and actuals for the COMPASS indicators: 'Legal Action Rate – Breach DV AVO' and 'Sexual Assault (Adult)', for every Police region in NSW, each Police Area Command and each Police District. You requested this information for the financial years 2011-2012 until 2019-2020 (to date).

2. Searches for Information

Under the GIPA Act, NSWPF must conduct reasonable searches to locate the government information you seek. A search of NSWPF records has been undertaken to identify all government information falling within the scope of your application. The results of these searches are listed in the Schedule of Documents included in this Notice of Decision. The searches identified all the information requested but for the Community Safety Indicators (CSIs) for 'Legal Action Rate – Breach DV AVO' for the years 2011/12 – 2016/17. There is no record held of a Community Safety Indicator for those years.

3. Decision

I am authorised by the New South Wales Commissioner of Police to determine applications made under Section 9(3) of the GIPA Act. I have decided:

- under section 58(1)(b) of the GIPA Act that there is no record held of a Community Safety Indicator for the 2011-2017 financial years, and
- under section 58(1)(a) of the GIPA Act, to provide you with the balance of the information sought in your application.
