

Individuals issued Court Attendance Notices for PCA and DUI offences by suburb

The *Road Transport (Safety and Traffic Management) Act 1999* and the *Road Transport Act 2013* contain offences related to driving under the influence of alcohol and/or drugs.

In both Acts there are specific law part codes which relate to Prescribed Concentration of Alcohol (PCA) offences and as such are specifically related to driving while under the influence of alcohol. Table 1 on the following pages relates to PCA offences.

There are also specific law part codes that relate to Driving Under the Influence (DUI) of alcohol or drugs/other drugs or illicit drugs. Both Acts have a large number of offences which make reference to alcohol or drugs/other drugs in the one offence and so data for these must be grouped together. The newly commenced *Road Transport Act 2013* contains a small number of specific law part codes which relate specifically to driving under the influence of illicit drugs, however as the Act only commenced on the 1 July 2013 isolating these offences would not be sufficient to provide 24 month comparative data.

Table 2 (page 49) therefore contains statistics on DUI offences as a whole which includes offences related to driving under the influence of alcohol, illicit drugs or other drugs.

Note – where an individual has committed an offence in more than one suburb in each 12 month period, they will be counted in each suburb they committed the offence and as such may be counted more than once in each table.

A full list of all possible PCA and DUI offences can be found in the Appendix of this report (pages 71-72).
