## *Online Applications – Application for a Firearms Licence & Business Applications*

---

The NSW Police Force Firearms Registry, in partnership with Service NSW, is pleased to announce that customers can now apply for an individual firearms licence online. In addition, businesses can apply for a firearms licence and renew their firearms licence online.

The online platform in which customers can apply for a firearms licence is provided by Service NSW.

[Apply for a New Firearms Licence \(Individual\)](#)

[Apply for a Business Club or Government Agency Firearms Licence](#)

To utilise our new online services, customers will need a Service NSW Account which is linked to NSW Police. Customers can create an account by visiting Service NSW website at [www.service.nsw.gov.au](http://www.service.nsw.gov.au) and link their account to NSW Police.

**NOTE:** If you submitted a paper-based firearms licence application prior to the launch of the new online application, please be advised there is no need to apply again via the online application. All applications (whether paper-based or online) will be treated equally and as a priority.

In October 2018 the Firearms Registry successfully launched the following online services:

- [Apply for a permit to acquire a firearm \(PTA\)](#)
- [Reapply for a firearms licence \(individual\)](#)

Our aim is to continually improve upon our services by providing our customers with a faster, seamless and an overall more user-friendly experience with the Firearms Registry. The launch of these online services reduces the time taken to post paper-based forms and provides an effective and efficient way personal and business customers can apply for a firearms licence.

Any enquiries on this matter can be submitted via the Contact Us page on this website.
