INSP ANDREW MARKS - SCC ROBBERY & SERIOUS CRIME SQ  
About 2.30pm on Wednesday 03/08/11, the victim, Madeline PULVER, 17 old, contacted her parents by mobile phone asking them to contact police and send them to their home address urgently.

A short time later Police from the Harbourside LAC responded and located the victim in her bedroom with what she described as a bomb locked around her neck. She told Police that a short time before an older male wearing a balaclava and carrying a baseball bat approached her and told her that he was not going to hurt her. He then locked a device around her neck so it could not be removed. He also put a USB thumb drive attached to a lanyard around her neck. A plastic sleeve was also attached to the lanyard which held a two page document outlining extortion demands and instructions.

Police immediately arranged for the attendance of specialist sections and as a result the following responded;

1. Police Rescue and Bomb Disposal Unit
2. Police Negotiators
3. Members of Harbourside LAC (including LAC Supt SICARD)
4. Robbery and Serious Crime Squad
5. CTCC
6. Ambulance/Fire Brigade/SES
7. Police Media

Also in attendance was Assistant Commissioner MURDOCH (Central Met Region).

Perimeters were established and Bomb Disposal Unit commenced appraisal of the device. After examination the device was declared innocuous and removed from the victim just prior to 12.00am on Thursday 4 August 2011.

The victim was conveyed to Hospital T3(a)  
T3(a)

At the time of writing a crime scene examination is being conducted of the victims premises by members of FSG, assisted by RSCS and Harbourside Detectives.

## INSTRUCTIONS

Powerful new technology plastic explosives are located inside the small black combination case delivered to you. The case is booby-trapped. It can ONLY be opened safely, if you follow these Instructions and comply with its terms and conditions. For the avoidance of any doubt, I am a former Special Forces Green Beret munitions specialist, and have constructed such devices for over twenty years.

SO, ACT NOW, THINK LATER, or YOU will inadvertently trigger a tragically avoidable explosion, known in the American armed forces, as a BRIAN DOUGLAS WELLS event.

**DO NOT** under any circumstance try to cut the wires leading to the case. **DO NOT** under any circumstance try to open it. **DO NOT** under any circumstance depress any of the four combination buttons more than three consecutive times. **DO NOT** excessively wet the casing. **DO NOT** under any circumstance heat, chill or X-Ray the casing. **DO NOT** call for assistance to open the case. Any breach will immediately result in a BRIAN DOUGLAS WELLS event.

If you disclose these Instructions, future instructions, any correspondence, Remittance Instructions, enclosures, directions or any other relevant fact outlined here or elsewhere, to any Federal or State agency, the Police or FBI, or to any non-family member, it will trigger an immediate BRIAN DOUGLAS WELLS event.

You will be provided with detailed Remittance Instructions to transfer a Defined Sum once you acknowledge and confirm receipt of this message.

If you, the remitting party or the remitting bank IN ANY WAY try to inform the recipient bank, or any other party (overtly or covertly) of any information NOT STRICTLY REQUIRED by the remitting bank to execute the Remittance Instructions to be provided, it will trigger a BRIAN DOUGLAS WELLS event, IRRESPECTIVE if the funds are received.

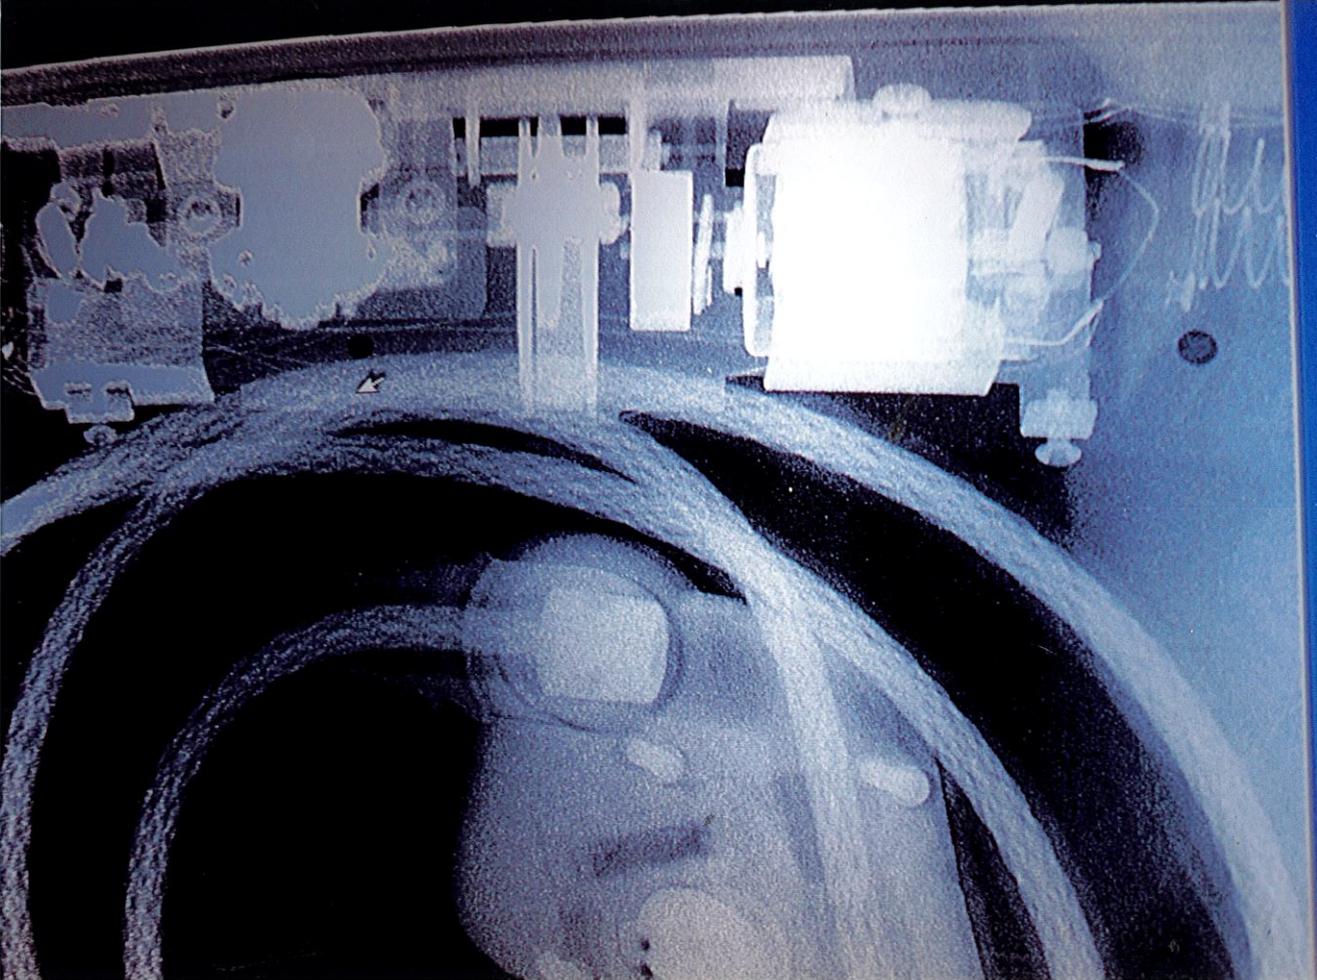

Should I (or my banking advisors or embedded informants) become aware that you, your family, or any person or entity has breached ANY CONDITION, BEFORE OR AFTER the transfer of the Defined Sum, you do so at your family's own peril.

If the Remittance Instructions are executed CORRECTLY, and receipt of funds is acknowledged, I will immediately provide you with:

1. The combination that can open the case WITHOUT triggering a BRIAN DOUGLAS WELLS event, and
2. An internal key to completely disable the explosive mechanisms embedded inside.

CONFIRM receipt of these Instructions by CONTACTING:
