

Question 1: Count of events where force was used by force type and event reported year.

Force Type	Event Reported Year						
	2017	2018	2019	2020	2021	2022	2023 (to 30/06)
Baton	159	134	128	90	87	80	32
Defensive Punches & Kicks	923	917	857	738	657	705	296
Ground Wrestle	2,765	2,894	2,876	2,629	2,629	2,548	1,284
OC Spray	1,336	1,211	1,123	1,078	1,059	1,011	530
Firearm	113	132	123	113	110	113	68
Take Downs	2,789	2,890	2,819	2,486	2,430	2,301	1,078
Taser	474	489	551	530	530	525	375

Note: Adding the use of force events listed in this table will not equal the total number of use of force events in the year because:

1. Some use of force categories are not included and
2. One event might have multiple use of force categories.

Question 2: Top 50 officers with the most use of force events between 1 January 2017 to 30 June 2023 by Force Type.

Note: The sum of columns will not equal the "total use of force events" per person as one event may involve more than one force type used and the categories included are not inclusive of all possible force types.
