

Percentage of Male to Female Officers at Specific Music Festivals

Music Festival	Male (%)	Female (%)
Midnight Mafia 5 May 2018	85	15
Above and Beyond 9 June 2018	77	23
Hidden Music Festival 2 March 2019	75	25

Description of facilities to conduct strip searches at specified Sydney Showground music festivals

Strip searches were conducted in a round metal mobile ticket booth with one small window and a door.

The window was completely closed during the searches so people outside were unable to see inside.

The door was closed during the searches.

Searches were conducted by police officers that were the same sex as the person of interest.

Please find attached photographs depicting a typical mobile ticket booth.
