ALCOHOL RELATED CRIME – PREVENTION

SAFEGUARD and STRENGTHEN

individuals, communities, assets and infrastructure to deter crime, improve personal safety, and build resilience

INTERVENE EARLY

for at risk individuals and groups to limit escalation, minimise harm and positively influence behaviour

DIVERT

minor offenders and at-risk groups (e.g. young persons, Aboriginal people) etc. to reduce reoffending and avoid unnecessary contact with the criminal justice system

ENVIRONMENTAL SCANNING SNAPSHOT

emerging crime trends

INTERRUPT

criminal behaviour to break criminal networks and bring offenders to justice

DELIVER

professional policing services to maintain community confidence

ALCOHOL RELATED CRIME – PREVENTION

SAFEGUARD and STRENGTHEN individuals, communities, assets and infrastructure to deter crime, improve personal safety, and build resilience

- Promote safe alcohol consumption practices to reduce alcohol-related harms.
- Increase awareness and understanding of alcohol-related harms by developing information, tailored to community needs that promote safe consumption and alcohol legislation.
- Working with community partners to improve awareness and understanding of alcohol-related harms including secondary supply (eg Love Bites, ADF Good sports, Outback Rugby League, Tackling Violence, Mission Australia Reconnect, Police Aboriginal Consultative Committees).
- Participate in whole of government and interagency crime prevention and public safety initiatives and programs.
- Proactively apply crime prevention methodology to DA applications with the view to minimise the impact of alcohol on the community and public amenity.
- Advocate for, and participate in, government and interagency campaigns aimed at changing drinking culture.
- Continue to advocate for and implement strategies to increase personal responsibility (fail to quit, binge drinking, sexual assault).
- Continue to work with Roads and Maritime Services to develop, monitor and evaluate strategies aimed at reducing alcohol-related incidents on NSW roads, particularly in regional and at-risk areas.
- Promote alternative transport options and campaigns to reduce drink driving.

INTERVENE EARLY for at risk individuals and groups to limit escalation, minimise harm and positively influence behaviour

- Provide at risk communities and individuals with support, education and advocacy to address alcohol-related issues.
- Strengthen community partnerships and proactively engage with individuals, groups and communities at risk of alcohol-related harm (eg attending and presenting at local meetings such as Council safety committees, Men's Shed, Elders meetings).
- Promote and utilise available funding to develop and deliver appropriate programs / initiatives that target "at risk" individuals and communities (ASD Crime Prevention Grants fund, Drug Summit Grants program, LDATs funding).
- Support and participate in Community Drug Action Teams (CDATs) and Local Drug Action Teams (LDATs) to build the capacity of local communities to develop local solutions for alcohol-related harms.
- Work in partnership with Liquor Accords to develop practical solutions to alcohol-related problems (e.g. Maitland Liquor Accords Safer Nights Out Project, Ask Angela, Cup of Tea).
- Work with other agencies to provide information and education about the harms associated with excessive alcohol consumption by young people (e.g. Secondary Supply, international students).

DIVERT minor offenders and at-risk groups (e.g. young persons, Aboriginal people) to reduce reoffending and avoid unnecessary contact with the criminal justice system

- Improve and increase referrals to alcohol diversionary programs.
- Increase police use of appropriate diversion programs / interventions which address alcohol misuse such as MERIT, Your Choice, Fit for life, PCYC.
- Improve police interventions around alcohol misuse for juvenile offenders.
- Advocate for, and investigate opportunities to expand alcohol diversion programs
- Refer alcohol-related perpetrators of domestic and family violence to appropriate service where they can access treatment programs for alcohol misuse (Men's Referral Service, DVSTMP).

ENVIRONMENTAL SCANNING SNAPSHOT Potential crimes and threats in emerging technologies:

- COVID-19 and the related Public Health Orders (PHO) contributed to a significant reduction in crimes that are enabled by public mobility and gatherings. There has been a reduction of offences involving violence and/or intoxication in licensed premises, particularly with the complete shutdown of licensed premises and music festivals and lower patronage levels on reopening. Whilst it is difficult to predict what will happen to the occurrence of assaults generally with NSW out of lockdown an increase in offending is expected.

<p>YOUTH</p>	<p>Utilise social media to discourage underage drinking and secondary supply of alcohol.</p> <p>YLOs, PCYC and SLP to present to high school students in relation to the legal and social risks of underage drinking and harm minimisation strategies.</p> <p>Ensure effective timing of school presentations such as prior to end of year exams, school formals and 'schoolies' or any other relevant local events.</p> <p>Your Choice program for those youth caught in possession or consuming alcohol.</p> <p>Promote safety in the home, community and in personal relationships.</p> <p>Promotion of harm minimisation and promoting safe partying campaigns. Create positive contact between police and young people.</p> <p>Police to participate in PCYC programs and other outreach programs.</p> <p>Identify those youth at risk and refer them to Youth Action Meetings (YAMS- Coffs Harbour and Campbelltown in trial).</p> <p>Implementation of early intervention, diversionary and harm minimisation strategies.</p> <p>Ensure eligible offenders are appropriately referred to alcohol diversion programs.</p> <p>Consider notifying Transport for NSW about minors who produce fake IDs to purchase alcohol or enter licenced premises, as they may have an additional six months added to their provisional licence period.</p>	<ul style="list-style-type: none"> • YLO/CPO • Youth Command (SLP & YCM) • PCYC • Crime Manager • Juvenile Justice • YAMS Meetings • The Department of Education and Training • Corporate Sponsor (Youth) • Alcohol and Licensing Support Unit 	<p>NSW HEALTH SUBSTANCE USE AND YOUNG PEOPLE</p> <p>STAY SAFE VIDEO</p> <p>SOCIAL MEDIA PLAN</p> <p>YOUR CHOICE PROGRAM</p> <p>YOUTH COMMAND</p> <p>RISEUP!</p>

ALCOHOL RELATED CRIME – DISRUPTION

INTERRUPT criminal behaviour to break criminal networks and bring offenders to justice

- Identify, target and DISRUPT problematic business models in the liquor industry to eliminate potential problems before they emerge and escalate.
- Use appropriate legislation to strategically manage poor or problematic business practices of licensed premises.
- Continue to apply for banning orders to bar troublesome patrons who demonstrate violent or significantly inappropriate behaviour from licensed premises.
- Manage 3 strikes process, with focus on individual or suboptimal business practices.
- Maintain focus upon the Violent Venues Scheme.
- Use licensing legislation to target and disrupt organised crime activities where appropriate (e.g. karaoke bars, club houses and gaming machines).
- Work with Liquor Accords to influence patron standards (e.g. dress codes, soft colours).
- Effectively manage compliance-related matters.
- Enhance working relationships with key stakeholders (liquor industry, L&GNSW, ILGA, Local Council, AHA, Clubs, Liquor Stores Association).
- Provide Community Impact Statements in consultation with the CPU and community where there are concerns that applications to establish new licenced premises or packaged outlets may adversely impact communities.
- Assess licence authorisations and applications for appropriateness to minimise potential misuse and
- Abuse of licence types (e.g. on-premise licence, caterer’s authorisation).
- Assess transfer applications to ensure applications are appropriately screened and vetted.
- Work with L&G NSW to address challenges associated with packaged liquor outlets including online purchases and deliveries.
- Actively participate in Liquor Accords to influence safe licensing and management practices.
- Include alcohol-related crime within planning and post operation reviews (e.g. planning checklist).
- Work with Local Councils to encourage, where appropriate, the establishment of additional defined areas (precincts) where licensed premises face special trading rules designed to make venues, neighbourhoods and transport safer (e.g. Communication between venues, Alcohol Free Zones, safer transport options).
- Regular and ongoing audits of licensed premises are conducted and recorded, to provide an evidentiary record of events used in compliance and enforcement proceedings (e.g. CPTED, CCTV, Glass, Incident Register, PoM).

ALCOHOL RELATED CRIME – RESPONSE

DELIVER professional policing services to maintain community confidence

- Respond effectively and appropriately to alcohol-related crime and harm.
- Continue to deploy intelligence driven RBT operations.
- Continue to monitor the alcohol environment to identify emerging issues, develop evidence-based options and recommended solutions to resolve problems and mitigate risks (e.g. online fast delivery).
- Refer victims of domestic and family violence impacted by alcohol-related harm to appropriate services (eg ADVO Referral Cards).
- Provide appropriate support and management responses to intoxicated individuals and offenders.
- Enhance police responses to secondary supply of alcohol to underage drinkers through the provision of guidelines to aid enforcement of appropriate legislation.
