

CCTV Register

WHAT IS THE CCTV REGISTER?

The CCTV Register is an initiative of the NSW Police Force. The purpose of the CCTV Register is to record the location of closed-circuit television (CCTV) camera systems and other related information across the State.

WHY IS THERE A NEED FOR A CCTV REGISTER?

CCTV footage has become an important investigative tool for police.

Knowing the location of CCTV systems assists police to investigate and solve crimes and has proven to be very useful in court when used as evidence – a picture says a thousand words.

HOW WILL POLICE USE THE CCTV REGISTER?

All information will be stored in a secure database owned and operated by the NSW Police Force.

Authorised officers will be able to access the CCTV Register for law enforcement purposes e.g., investigating crime.

HOW CAN YOU HELP?

The mission of the NSW Police Force is to have the police and the community working together to establish a safer environment by reducing violence, crime and fear.

If you have a CCTV system at your premises, you can help the police solve crime by registering your details either online or complete a printed registration form.

- Online via the NSW Police Force Website: https://www.police.nsw.gov.au/online_services/register_my_business_cctv_details
- Complete a printed 'CCTV Register Form'. The form is available from the Crime Prevention Officer at your local Police Station.

Completed forms can be handed to your local Crime Prevention Officer or emailed to view@police.nsw.gov.au

WHAT INFORMATION IS REQUIRED TO REGISTER?

To register, we require:

- The name and location of your business or residential premises;
- Contact details for the owner and operator of your CCTV system;
- Details regarding your CCTV system (e.g., number of cameras installed, areas covered by the cameras, retention period for recorded material, etc.)

The registration form should take approximately 10 minutes to complete.

WHAT DO I DO IF MY DETAILS CHANGE OR IF I WISH TO HAVE MY DETAILS REMOVED FROM THE CCTV REGISTER?

Having access to accurate information is critical to any police investigation.

Should any of your details change or you wish to have your details removed from the CCTV Register, you may do so anytime by notifying us via email view@police.nsw.gov.au.

THINGS YOU SHOULD KNOW ...

1. The NSW Police Force CCTV Register is a database which has been established to record the location of CCTV installations across NSW.
2. Information stored in the CCTV Register has been collected and will be used for law enforcement purposes. We will secure this information from unauthorised access.
3. Your consent to supply information to us for inclusion in the CCTV Register DOES NOT mean that you consent to supply us imagery captured by, or stored on, your CCTV system/s (e.g, video footage or still images).
4. There is no obligation for you to provide information. Registration is voluntary.
5. Every effort will be made to ensure that information stored in the CCTV Register is accurate. To assist us, please notify us if any of the information you have provided changes. We may contact you from time to time to verify the information you have provided us.
6. If you wish to have your details removed from the CCTV Register, please advise us via email view@police.nsw.gov.au.
