

Sensitive: Law Enforcement**Attachment – Number of Sexual Assaults at specified NSW Universities and Colleges****B****Explanatory Notes:**

The request asks for the sexual assaults at the campuses to be differentiated into the categories of rape, attempted rape, indecent assault, sexual harassment, and sexual misconduct. Please note that the Sexual Assault Categories which can be extracted from the system include:

- Sexual Assault
 - Sexual Assault
 - Indecent Assault
 - Other

There is no category “attempted rape” or “attempted sexual assault”, however, the qualifier “attempted” exists for all incident categories.

All the incidents in the below tables were actual incidents with the exception of a single “attempted” incident of a “Sexual Assault – Other” reported for the Southern Cross University in 2015.

The tables provided have columns for the number of reported incidents as well as for the number of legal actions taken to indicate where reports were substantiated.
